Seeing Sometimes SELLS

And, that's what the Bostonian would call 'the psychological mo-
ment'. Seeing will sell this Cultivator, we know, 'cause there is
something about it that gets the eye. It takes on its looks—for it's
mechanically right.

Look at the picture, then come in and take a look at the original
now on display in our twin show rooms. This is one year that you
farmers have got to have good machinery if you want to get any-
thing done, at all, for hands are scarce. The Square Deal Man fore-
saw this, and stocked up with a full line of up-to-the minute farm
tools of all kind.

Just come in and be convinced.

MR. BURNELL R. FORD
Scientist and Inventor Will Take Pri-
vate Harold Peat's Place on
Chautauqua Program.

Mr. Burnell R. Ford, who will ap-
pear on the program in place of Mr.
Peat is a scientist and inventor. The
nature and properties of electricity
seems to be general and permanent.
In the entire realm of popular educa-
tion no one thing can be of more im-
portance than to educate the people
on what, to them are the mys-
teries of electricity. To do this in a
scientific, yet plain and thoroughly
entertaining way, is no small accom-
plishment. The Colt-Alber Company,
after much search and many discour-
agements has found in the person of
Mr. Ford such a man.

The program Mr. Ford will give
will be of immense instructive value
to the people. In addition he will
mystify and amuse them. His enter-
tainment is replete with vivid sensa-
tions, keen humor, marvelous feats
of daring and thoroughly understand-
able explanations of scientific fact.

For a Sunday performance, Mr.
Ford's entertainment is unique. He
draws lessons showing how Divine
Providence furnishes all the mys-
teries connected with electricity.

turned over to the military authori-
ties.

AUSTRIAN ROUT MAY
PUT DUAL MONARCHY
OUT OF THE FIGHT

Italians Take 3,000 Prisoners on
Piave and Mountain Front—Aus-
trian Army as an Offensive
Weapon Is Not to Be Ser-
iously Considered for
Months to Come.

Rome, June 25.—Nearly 3,000 pris-
oners were taken by the Italians on
the Piave and mountain front yester-
day, says the official statement.

Washington, June 25.—News from
Italy today, while confirming the
great victory won by the Italians in
hurling the Austrian army across
the Piave in disorganized retreat,
threw little additional light upon the
extent of the disaster to the enemy.

Until figures are available showing
more fully the loss of the dual mon-
archy in men and material, officers
here hesitated to form opinions as to
the probable effect the defeat will
have on the whole military situation.

On the face of the latest news from
the Italian front, it appeared to many
observers that the Austrian army as
an offensive weapon, is not to be ser-
iously considered for months to come.

It will take time to repair the damage
to morale and equipment, even if the
internal situation produced by short-
age of food among the civilian popu-
lation does not further cripple Aus-
trian military power. The dual mon-
archy by itself is believed here to be
out of the fighting for the present
summer.

What Germany plans to do or will
be able to do to aid her chief ally is
another matter. As yet there is no
sign of a great movement of German
troops to the Italian front. Unless
such a movement is undertaken im-
mediately, many officers here are con-
vinced that it will mean that Germany
intends to seek to save the situation
by attempting at once to complete her
offensive projects in France.

There are many American officers
who do not believe the internal situ-
ation in Austria as serious as re-
ports from adjacent countries indi-
cate and that Germany is confident its
ally can hold against the Italians long
enough to permit it to concentrate all
its power for a final blow in France.

These officers anticipate the opening
of a great drive on the western front
at any moment. If it does not come,
they will regard it as an admission by
the German high command that the
whole Austrian military and govern-
mental fabric is tottering and must
fall unless German power is rushed
to its support.

In any event keen satisfaction is
taken here in the certainty that the
Germans are facing new and serious
problems as a result of the Italian
triumph on the Piave, while General
Foch is seeing his forces increased
every day as the American troops
pour ashore from their transports.

General Foch's most doubtful hours
have passed, it is believed, although
months of bitter fighting may be just
ahead, while for the Germans a crisis
is at hand.

The Italians at last have cleared
the remaining Austrian rear guards
from the west bank of the Piave river
and now are in possession of the en-
tire river from the Montello plateau
to the sea. At last accounts their
forces crossed the stream in pursuit
of the retreating Austrians were still
harrassing them, inflicting heavy cas-
ualties and forcing the enemy to con-
tinue his disorderly retreat.

Fahe, however, has turned some-
what its balance in favor of the Aus-
trians, for the Piave river has again
risen and some of the pontoon bridges
the Italians had thrown across the
stream have been carried away, mak-
ing impossible a quick pursuit and
the crushing of the Austrians which
General Diaz had counted upon. The
Austrians are declared to be rushing
up reserves from the east in an en-
deavor to partly relieve the situation.

Camps on Days Between July 22
and 25—Selectives From This
State Will Be Entrained

Washington, June 25.—As a fur-
ther step in carrying out the war de-
partment's plan to have 3,000,000 men
under arms August 1, Provost Mar-
shal General Crowder tonight called
on the governors of all states except
Arizona and Illinois for the mobiliza-
tion between July 22 and 25 of 220,000
white draft registrants qualified for
general military service.

This call is expected virtually to
exhaust the number of men now in
class one, available for active mili-
tary service, and when added to
school requisitions of 23,436 men,
brings the total calls so far an-
nounced for July to 243,436. To com-
plete its program for the remainder
of the present year, the department
will have to depend on the 400,000
class one registrants expected from
June 5th enrollment and the 250,000
or 300,000 to be obtained through the
re-classification now in progress.

In the call announced tonight New
York leads the list with 22,241 men;
Iowa is second with 17,849, and Wis-
consin third with 15,200.

assignments appear the following:
Ohio, 7,200, Camp Jackson, S. C.;
5,000 Camp Sherman, Ohio.

Pennsylvania, 11,700, Camp Lee, Va.
